SECTION ONE:

**USE OF CONTROLS** 

- (A) PREPARATION (CONTROLS, BRAKES ETC): Complete pre-driving check with verbal explanation.
- (B) STEERING: Smooth, gradual, unhurried "pull/push" method throughout test.
- (C) USE OF CLUTCH: Smooth operation of clutch at all times.
- (D) GEARS: Well developed action, ratios used to advantage.
- **(E) USE OF BRAKES:** Smooth and progressive.
- (F) USE OF ACCELERATOR/THROTTLE: Acceleration Sense was very good; complemented the use of the brakes and "information" phase.
- (G) USE OF MIRRORS: Mirrors used as often as necessary; fully aware of what was happening behind.
- **(H) USE OF HORN:** Used to good effect, and properly graded.
- (J) VISIBILITY/CONSPICUITY: Perfectly clear screens and favourable weather gave no problems.

SECTION TWO:

DRIVING PERFORMANCE

- (K) MOVING OFF AND STOPPING: Correct use of safety measures in relation to both manoeuvres.
- (L) APPLICATION OF SYSTEM: Good knowledge and application in sequence, giving time to react based on available information.
- (M) POSITIONING: Positioning at junctions, roundabouts and other hazards entirely satisfactory.
